**Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.**

*This announcement, for which the directors (the “**Directors**”) of Wing Fung Group Asia Limited (the “**Company**”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company and its subsidiaries (collectively, the “**Group**”). The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.*

### **2. BASIS OF PREPARATION**

The unaudited condensed consolidated financial statements for the Relevant Period (the "**Third Quarterly Financial Statements**") have been prepared in accordance with Hong Kong Financial Reporting Standards ("**HKFRSs**") issued by the Hong Kong Institute of Certified Public Accountants as well as with the applicable disclosure requirements of the GEM Listing Rules. The Third Quarterly Financial Statements have been prepared on the historical cost basis and are presented in Hong Kong dollars ("**HK\$**"), which is the same as the functional currency of the Company. The Third Quarterly Financial Statements are unaudited, but have been reviewed by the audit committee of the Company.

The preparation of the Third Quarterly Financial Statements requires the Company's management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of income and expenses. Actual results may differ from these estimates.

Other than changes in accounting policies resulting from application of new and amendments to HKFRSs, the accounting policies and methods of computation used in the Third Quarterly Financial Statements are the same as those presented in the Group's annual financial statements for the year ended 31 December 2018.

The application of the new and amendments to HKFRSs in the current period has had no material impact on the Group's financial performance and positions for the current and prior periods and/or on the disclosures set out in the Third Quarterly Financial Statements.

The Group has not early applied the new and revised HKFRSs that have been issued but are not yet effective.

### **3. REVENUE**

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 (the “Bill”) which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of the qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

The Directors of the Company considered the amount involved upon implementation of the two-tiered profits tax rates regime as insignificant to the unaudited condensed consolidated financial statements. Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for both periods.

Pursuant to a tax incentive approved under Section 20 of Decree Law No. 11/2016, Macau Complementary Tax is levied at a fixed rate of 12% on the taxable income above Macau Pataca (“MOP”) 600,000.

No diluted earnings per share for both periods is presented as there were no potential ordinary shares in issue during both periods.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Business Review and Outlook

The Group is principally engaged as a subcontractor for the provision of supply, installation and fitting-out services of MVAC system for various types of private and public building projects including infrastructural, commercial and residential building projects in Hong Kong and Macau.

During the Relevant Period, our revenue decreased by approximately HK\$1.5 million, representing a decrease of approximately 1.0% during the Relevant Period. The revenue generated from our operations in Hong Kong and Macau accounted for approximately 87.8% (for the nine months ended 30 September 2018: approximately 39.3%) and 12.2% (for the nine months ended 30 September 2018: approximately 60.7%) of our total revenue during the Relevant Period respectively. The decrease in revenue generated from our operation in Macau is principally due to the decrease in the amount of our works recognised for existing projects in Macau as compared with the corresponding period in 2018. Despite the slight drop in revenue, the Group was awarded a contract with a contract sum exceeding MOP170 million, representing a new business milestone in the development of the Group.

Looking forward, the Directors consider that the future opportunities and challenges which the Group faces will be affected by the development of the infrastructural, commercial and residential buildings in Hong Kong and Macau, factors affecting the labour costs and material costs as well as the uncertainties in the external economic environment. The Group is of the view that the number of infrastructural, commercial and residential buildings to be built and maintained in Hong Kong and Macau is the key driver for the growth of the MVAC installation industry.

With the Group's experienced management team and reputation in the market, the Directors consider that the Group is well-positioned to compete against its competitors under such future challenges that are commonly faced by all competitors, and the Group will continue to pursue the business strategies as set out in the prospectus of the Company dated 12 February 2018 (the "**Prospectus**").

### Financial Review

#### Revenue

Our revenue decreased from approximately HK\$148.6 million for the nine months ended 30 September 2018 to approximately HK\$147.1 million for the Relevant Period, representing a decrease of approximately 1.0%. The decrease was principally due to (i) the decrease in the revenue of approximately HK\$0.9 million as a result of the completion of our projects in prior period and therefore would generate no further revenue for the Relevant Period, and (ii) the decrease in the revenue of approximately HK\$105.0 million due to the decrease in the amount of our works for existing projects recognised during

the Relevant Period, in particular, for the two projects located at Kowloon Bay and Taipa in Macau as compared with the nine months ended 30 September 2018. The above decrease was partially offset by (i) the increase in the revenue of approximately HK\$12.8 million from new projects in particular two new projects located at Pokfulam and Nam Van in Macau, respectively, and (ii) the increase in the revenue of approximately HK\$91.6 million due to the increase in the amount of our works under existing projects awarded to us as compared with the nine months ended 30 September 2018, in particular, the projects located at Chek Lap Kok and Shatin which contributed approximately HK\$75.2 million of the increase.

### **Cost of Services**

Our cost of services decreased from approximately HK\$119.1 million for the nine months ended 30 September 2018 to approximately HK\$118.4 million for the Relevant Period, representing a decrease of approximately 0.6% which was similar to the extent of decrease in our revenue for the Relevant Period.

### **Gross Profit and Gross Profit Margin**

Our gross profit decreased by approximately 2.7% from approximately HK\$29.5 million for the nine months ended 30 September 2018 to approximately HK\$28.7 million for the Relevant Period. The decrease in our gross profit was primarily due to our decreased gross profit margin from approximately 19.9% for the nine months ended 30 September 2018 to approximately 19.5% for the Relevant Period. The decrease in our gross profit margin was principally resulted from the decrease in the amount of our works in the project located at Taipa in Macau (which contributed approximately 39.9% of our total revenue for the nine months ended 30 September 2018 and recorded a relatively higher gross profit margin for the nine months ended 30 September 2018), which was partially offset by the increase in the amount of works in the project located in Shatin (which contributed approximately 42.1% of our total revenue for the Relevant Period and recorded a relatively higher gross profit margin for the Relevant Period).

### **Listing Expenses**

During the nine months ended 30 September 2018, our Group recognised non-recurring listing expenses of approximately HK\$7.1 million as expenses in connection with the listing of shares of the Company (the “Shares”) on GEM of the Stock Exchange (the “Listing”) in February 2018. No such expenses were recognised during the Relevant Period.

### **Administrative Expenses**

Our administrative expenses increased by approximately HK\$0.9 million, or approximately 7.8%, from approximately HK\$11.6 million for the nine months ended 30 September 2018 to approximately HK\$12.5 million for the Relevant Period, mainly attributable to the increase in the staff costs such as the Directors’ remuneration.

## **Income Tax Expense**

Income tax expense for the Group increased by approximately 32.0% from approximately HK\$2.5 million for the nine months ended 30 September 2018 to approximately HK\$3.3 million for the Relevant Period. The increase was mainly due to the increase in profit before tax.

## **Profit for the Period**

As a result of the foregoing, our profit for the period increased by approximately HK\$4.7 million from approximately HK\$7.9 million for the nine months ended 30 September 2018 to approximately HK\$12.6 million for the Relevant Period. Excluding the one-off exceptional expenses for the Listing of the Company, our adjusted profit decreased by approximately HK\$2.4 million or 16.0% from approximately HK\$15.0 million for the nine months ended 30 September 2018 to approximately HK\$12.6 million for the Relevant Period.

## **DIVIDEND**

The Board did not recommend the payment of any dividend in respect of the Relevant Period (for the nine months ended 30 September 2018: nil).

## **EVENTS AFTER THE REPORTING PERIOD**

The Board is not aware of any important events after the reporting period that requires disclosure.
